Candidate for: Secretary

I am running for Secretary as part of the **Build Strong** slate of candidates. I want to continue the work of putting our democratic-minded and member-driven organization together and am ready to get to work supporting this unit as we craft our first contract and reach new goals together in 2024.

One of the first questions I had as a new employee in 2022 was “can we unionize?” I am a Victim Assistance Specialist (Coordinator I) for PPB, a job that requires compassion, integrity, and active listening skills. I also have significant experience as a board secretary, all skills I’m proud to put to good use for CPPW.
